(54) Title: A METHOD FOR THE AUTOMATIC MANAGEMENT OF TERMINAL-DEPENDENT INFORMATION(57) **Abstract:** The present invention concerns a
method of the automatic management of terminal-de-
pendent information in a wireless communication
system. The method comprises the steps:- the
detection of the unique identity for the terminal that
the subscriber is currently using;- the adaptation of
information for the type of terminal detected; and-
the presentation of the adapted information on the said
terminal.
